Ogdensburg International Airport Welcomes 100,000th Passenger Since 2016 Expansion

OGDENSBURG, NY, October 13, 2018 – Ogdensburg International Airport welcomed its 100,000th passenger David Foran and family of Petawawa, Ontario reaching another first in the airport’s history. Mr. Foran and his party won the cost of their flights to Orlando and free valet parking as a thank you for flying through OGS.

“This is our first time through Ogdensburg International Airport and we love it! What a great experience!” said Mr. Foran. “My wife heard of Ogdensburg through a co-worker and we decided to try it out. We saved over \$1,000 USD versus flying out of Ottawa airport! The experience and staff are wonderful.”

“We thank everyone who flies out and into our airport as we continue to serve the needs of the North Country and Canadian Public” said Chairman Vernon “Sam” Burns. “We must continue increasing flight and destinations from our airport to become the economic engine we all hope for”. Airport Manager Stephanie L. Saracco agreed “It is so exciting to celebrate such a milestone at OGS and I am looking forward to future successes and continued growth.”

“Thank you to all the Canadian and US passengers that have used Ogdensburg International Airport and thank you to our elected officials that have supported and continue to support the expansion of the Ogdensburg International Airport.” said Wade A. Davis Executive Director “We are extremely grateful for the thousands upon thousands of new U.S. and Canadian passengers utilizing Ogdensburg International Airport as this directly benefits the region. At Ogdensburg International Airport we are all about the passenger’s experience and top-notch personal service”.

Oversight of the Ogdensburg Bridge & Port Authority is provided through the hard work and dedicated efforts of the Authority’s Board of Directors including: Chairman Vernon “Sam” Burns, Megan Whitton, Christopher Coffin, David King, Joseph Andriano, and the Authority’s Executive Director Wade A. Davis. The Authority’s mission is to manage regional infrastructure while working with the private sector to create jobs and investment.
